

WHY ATTEND?

As a student, you'll enjoy academic teaching that has direct credit union applications. The three-year program, which takes place one week per year on campus, will help you develop your operational, managerial and leadership skills.

You'll also benefit from chances to network and learn with classmates and esteemed faculty.

We've seen alumni go on to hold leadership positions at their credit unions, in their local chapters, and with community-based organizations. Consider this program and challenge yourself to achieve your highest potential, stimulate your critical thinking and increase your confidence!

CREDIT UNION SCHOOL**

ABOUT

The Southeast Management School program develops your leadership skills so that you can more greatly contribute to the success of your credit union.

For more than 50 years, we've been committed to creating the best experience possible through the use of a balanced curriculum and experiential occasions for your professional and personal growth.

“I learned a lot about credit unions and the industry, but I also learned a lot about myself... If you have the opportunity to attend, you should take it.”

- Travis Hall, President,
SC National Guard FCU

FEATURES:

- Self-paced, virtual pre-work and instructor-led in-person courses.
- Independent and teamwork assignments.
- Access to support and resources through the SRCUS LMS online portal.
- A range of occasions to connect, engage, and grow professional networks.

Start Your SRCUS Journey!

Enroll today and prepare to graduate from this program ready to better the future for yourself, your credit union, and the credit union movement.
